Synopsis of "Amy": A poignant drama of a young girl, traumatised by the tragic death of her father (**Nick Barker**), who retreats into a world of silence. Ultimately through the efforts of her dedicated mother (**Rachel Griffiths**) and a young drop-out musician (**Ben Mendelsohn**) who lives next door, Amy (**Alana De Roma**) breaks out of her self-imposed isolation by communicating through music – and transforming the lives of everyone around her.
